

April 21, 2021

Hello Everyone,

I am sorry to be sending yet another correspondence with the subject of a grey zone/lockdown update.

I am writing to confirm that unfortunately this means that all activities and supports offered on-site at a KWH location will be suspended effective immediately and will not resume until community restrictions are lifted. All virtual classes will continue as planned.

The ever changing guidelines, cohort requirements, safety measures, etc. are very challenging and we must continue to follow the guidelines set by the Province to keep everyone as safe as possible. We appreciate and thank you for your patience.

We will continue to keep connected and keep in touch. If you have any questions or require support, please contact Lorraine Stavenow or Jenn Delhorbe.

To end on a positive note! KWH was able to organize and host pop-up clinics at 99 Ottawa St. where we provided 820 first shots of the Moderna vaccine – a step in the right direction to assist with putting an end to the pandemic.

Stay well, stay safe and stay strong!

Sincerely,

Tracy Franks,
Director of Community & Employment Supports.
